Spark light is going to drill under the road and give the police department their own line in on internet. This should help the issues Marshal O'Malley is having.

The 2021 Ford is still at the dealership in Washington. They are waiting on a transmission. There is no time line on when it will be done.

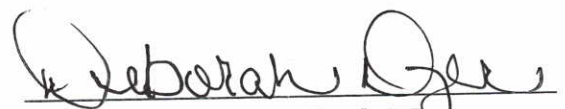

Marshal O'Malley explained that there would be a mock evacuation at the Worthington grade school on the 26<sup>th</sup> of April. The teachers will lead the kids to the park where they will be in the Community building. The Worthington officers are taking part in this exercise.

Athena Royer would like to put a sign up to have more exposure to the new laundry.

Dennis Cullison attended the meeting and talked about sidewalks. He would like to see a sidewalk down the East side of the school (playground) and maybe down to the park. He is hoping to do this with donations and volunteers. He was also checking into a grant.

With nothing further, Tom Franklin made the motion to adjourn the meeting with Kim Archer being the second. Motion carried.
